Dear Sir and Madam

First of all, we would like to thank you for your continuing cooperation with our Environmental & Social Risk Management Program for Nepal financial sector.

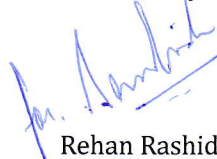

Under the Advisory Agreement signed on March 3, 2017 between IFC and Nepal's Ministry of Finance with NRB as the main implementing agency to cooperate in the development of environmental and social ("E&S") risk management guidelines for the banking sector in Nepal, we would like to organize a workshop with the financial institutions (for commercial banks, Development Banks and Finance Companies) to introduce the concept of environmental and social risk management for the financial sector. The workshop is envisaged as a knowledge sharing and brainstorming session for key FIs' staff to collectively define actions on how the financial sector should approach to ensure effective ESRM practices in Nepal. The workshop is planned from **14:00 to 17:30 on May 3, in Hotel Yak & Yeti, Kathmandu.**

Targeted audience for the session are relationship managers and credit managers from the above mentioned institutions. We would expect at least 1 representative from each FI. Detailed agenda for the session is attached for your further consideration.

IFC will cover the cost of organization of this event as well as arrange speakers and experts and contents for the event.

We would be grateful if Banks and Financial Institution Regulation Department can send the invitation to targeted FIs and encourage all of them attend the session. We would be grateful if the leadership of the Banks and Financial Institution Regulation Department to chair and arrange staff to support this important event.

Yours truly,

Rehan Rashid
Resident Representative
