
GUIDELINES FOR ARTICLE SUBMISSION

NRB Economic Review, previously published as the "Economic Review Occasional Paper", is a bi-annual peer-reviewed economic journal being published in April and October. Submission of a paper for the *NRB Economic Review* will be taken to imply that it represents original work not previously published, and it is not being considered elsewhere for publication, and that if accepted for publication it will not be published anywhere without the consent of the Editorial Board. The papers so received have to undergo a double blind review process and are then subject to approval by the Editorial Board; however, the ideas and opinions expressed in the papers published in the Review are solely those of authors and in no way represent views and policies of Nepal Rastra Bank or that of the Editorial Board.

Submitted manuscripts should be written in English, typed in double spacing with wide margins (3 cm) on one side of standard paper. The title page should contain the title, the name, institutional affiliation(s), JEL classification, key words, full postal address, telephone/fax number and E-mail of each author, and, in the case of co-authorship indicate the corresponding author. In case the author(s) is provided grant or any type of financial support from any organization or institution, this should be spelled out clearly below the key words. Footnotes, if any, should be numbered consecutively with superscript arithmetic numerals at the foot of each page. Figures and tables should be on separate sheets and have descriptive titles. References in the text should follow the author-date format. References should be listed alphabetically in the following style:
